INSTRUCTIONS FOR FOREIGN ACQUISITION REPRESENTATIONS

Vendors are advised that this solicitation incorporates mandatory commercial provisions and clauses pertaining to the Buy American Act (BAA), Free Trade Agreements (FTA), and the Trade Agreements Act (TAA).

- **SYSTEM FOR AWARD MANAGEMENT (SAM) CERTIFICATION:** Vendors that maintain current, complete, and accurate annual representations and certifications within SAM.gov are not required to manually complete these provisions within this document. The Government will rely on the vendor's active SAM.gov profile for compliance.
-
- **MANUAL COMPLETION FOR END PRODUCTS:** For quotes that include the delivery, furnishing, or use of end products where the vendor cannot rely on active SAM.gov certifications, the vendor must manually complete only the single provision that corresponds to the total dollar value of their submitted quote.

The Government determines the legally applicable statute based on the internal estimated value of the requirement. However, completing the single provision aligned with the quote value is acceptable for the administrative purpose of submitting a responsive quote. The uncompleted provisions will remain in the solicitation for system compliance but are not applicable to the vendor's submission and require no action.

Evaluation-Commercial Products and Commercial Services (Feb 2026) (Deviation 2026-O0038)

(a) Evaluation factors. The Government will award a contract resulting from this solicitation to the responsible vendor whose quote conforming to the solicitation will be most advantageous to the Government, price and other factors considered. The following factors will be used to evaluate quotes:

1. Price

2. Relative Experience: Number of contracts the contractor has performed that are equal or greater in tasks that are similar to the task identified in the Performance Work Statement (PWS).

3. Past Performance: Number of contracts the contractor has and the documentation that identifies how well their performance was in those contracts that are similar to the task identified in the Performance Work Statement (PWS).

Relative Experience and Past Performance, when combined, are more important than Price.

(b) Options (if applicable). The Government will evaluate quotes for award purposes by adding the total price for all options to the total price for the basic requirement. The Government may determine that a quote is unacceptable if the option prices are significantly unbalanced. The evaluation of options does not obligate the Government to exercise the option(s).

(c) Notice of award. A quotation submitted in response to this RFQ is not a binding offer. A written notice of award, in the form of a Contract, may be furnished to the successful vendor for signature. This notice of award shall not result in a binding contract until it is signed by both the vendor and the Contracting Officer. The Government reserves the right to withdraw the notice of award at any time prior to final execution by the Contracting Officer.
